Zap Mini Stun Gun 950,000 Volt

\$55.95

Never take a chance again... especially with a rechargeable stun gun. Remember lithium batteries will hold their charge for years without use while rechargeable units are not reliable.

Â

This is one amazing and powerful mini stun gun. Compare this ZAP Stun Gun to any small fry stun gun on the market. It's miniature size will give you the surprise advantage over the attacker. They will never see this 950,000 volt shock coming! Â As in this photograph... it will fit in a pack of cigarettes. Just hearing the arc is enough to scare off any would be attacker. Don't let this miniature size fool you... it packs a serious jolt of energy! This is small... light.. and super powerful!
